## **MEDIA RELEASE**

### **MORE THAN 11,000 FREE PAP SMEARS DONE SINCE CAMPAIGN'S INCEPTION**

**Singapore Cancer Society marks 4<sup>th</sup> Cervical Cancer Awareness Month with theme  
"Women Against Cancer: Say "No" to the Big C!"**

**Singapore, 6 May 2009** – More than 11,000 free Pap smears have been done since the launch of the Singapore Cancer Society (SCS)'s Cervical Cancer Awareness Campaign in 2006. This year, the 4<sup>th</sup> Cervical Cancer Awareness Month in May, casts its net wider by engaging 144 GP clinics islandwide to provide women with easy access to free Pap smear.

Since 1969, the SCS has been offering free Pap smear to ladies aged 25 to 69 years, to screen for pre-cancerous changes or early cancer in the cervix. In the last three years since its inception of this campaign, this screening had led to detection of 8 cases of cervical cancer.

#### ***A highly preventable cancer ...***

According to the latest statistics from the Singapore Cancer Registry (2002-2006), Cervical Cancer is the 6<sup>th</sup> most common cancer diagnosed among women in Singapore. Each year, about 200 cases are detected with the cancer. "Cervical cancer is highly preventable and by going for regular Pap smear, this screening method is by far the most effective in protecting oneself against cervical cancer. If detected in its pre-cancerous stage, it can be cured," said A/Prof Tay Eng Hseon, Chairman of the Cervical Cancer Awareness Campaign Organising Committee and Medical Director of Thomson Women Cancer Centre. "Ladies should go for Pap smear once every one to three years as advised by their doctors. Pap smear is quick, safe and painless, and key to prevent and cure cervical cancer"

Website: [www.singaporecancersociety.org.sg](http://www.singaporecancersociety.org.sg)

### ***Free Pap smear at selected GP clinics***

Since the inception of the campaign, the number of participating clinics has more than doubled from 65 clinics in 2006 to 144 clinics in 2009. These clinics islandwide are joining hands with SCS to “Say No to the Big C!” in this year’s Cervical Cancer Campaign. It is encouraging to see that more GPs are supporting the campaign to urge women to go for regular Pap smear.

From now till end May, all Singaporeans and Permanent Residents women aged 25 to 69 years can visit any of the participating GP clinics islandwide to do their free Pap smear. The Pap smear kits are provided by SCS while the GP charges a consultation fee for their services rendered. Participating clinics will display the Cervical Cancer Awareness Month decal and poster. The public can also log on to the SCS website at [www.singaporecancersociety.org.sg](http://www.singaporecancersociety.org.sg) for a list of all the clinics.

### ***Cervical Cancer Awareness Campaign 2009***

In our continued efforts to raise the awareness that cervical cancer is highly preventable, the Society is targeting 6,000 women for its free Pap smear screening programme. The Society will continue to educate the general public on the early symptoms and signs of cervical cancer and increase public awareness on the Human Papillomavirus, which infects the cells of the cervix, and if not cleared spontaneously, may cause slow cellular changes that can result in cancer.

### ***Free Pap smear for first 60 women on the National Healthcare Group Diagnostics (NHGD) Mobile Clinic***

In addition to the free English, Mandarin and Malay public forums by renowned health professionals, the Society has specially collaborated with a few partners to make available a host of exciting activities at the health fair.

In our concerted effort to wage war against cervical cancer, for the first time, SCS partners with NHGD to bring Pap smear screening to the door step of the event.

15 Enggor Street  
#04-01 to 04 Realty Centre  
Singapore 079716  
Tel: (65) 6221 9578 Fax: (65) 6221 9575  
Website: [www.singaporecancersociety.org.sg](http://www.singaporecancersociety.org.sg)

60 women who come onboard the mobile clinic at the health fair on 16 May, will get to enjoy free Pap smear. Those who are needy or are financially burdened are strongly encouraged to take advantage of this complimentary service by NHGD. In difficult times, these women might skip regular screening to cut costs. NHGD hopes that by providing this complimentary service, it will urge them to continue with Pap smear. Cervical cancer is highly preventable and early detection saves womb and life.

Pre-registration for Pap smear is required. Interested parties can call 6221 9578 (Monday to Friday, 8.30am to 6.00pm) to register. *\*subject to CSS eligibility.*

Visitors can also look forward to free glucose check, BMI test, hair and scalp analysis, hand and back massage as well as free goodie bags for the first 300 participants at the English and Mandarin forums.

### ***Free make-up workshop for cancer patients and general public***

The “Look Good Feel Better” is a free public service programme under the SCS dedicated to help women learn cosmetic techniques and hair alternatives to manage the physical changes brought on by cancer treatment. Women undergoing cancer treatment, caregivers, support groups for cancer patients and the general public are welcome to join this interactive 1½ hour demonstration cum workshop. Seats are limited and pre-registration is required. Interested parties can call 6421 5804 (Monday to Friday, 8.30 am to 6.00 pm) to register.
